

1

vo As a business owner, your ultimate goal is to grow. But as your sales increase,

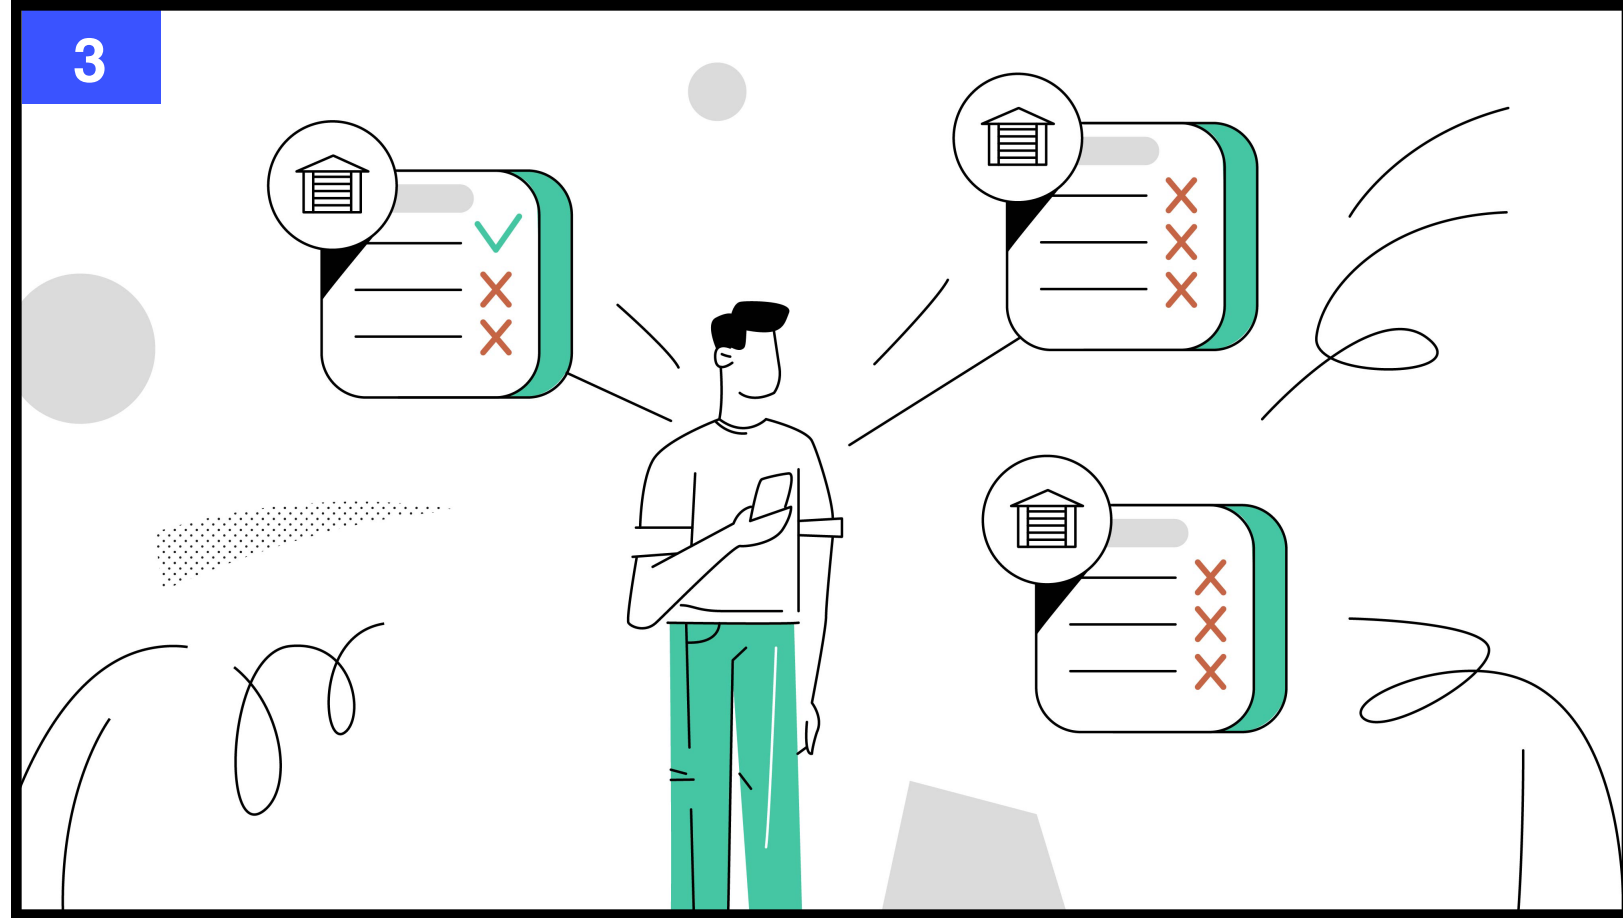

Show small business merchant that starts with a few orders.

2

vo keeping up with storing your inventory and fulfilling your orders becomes a real challenge.

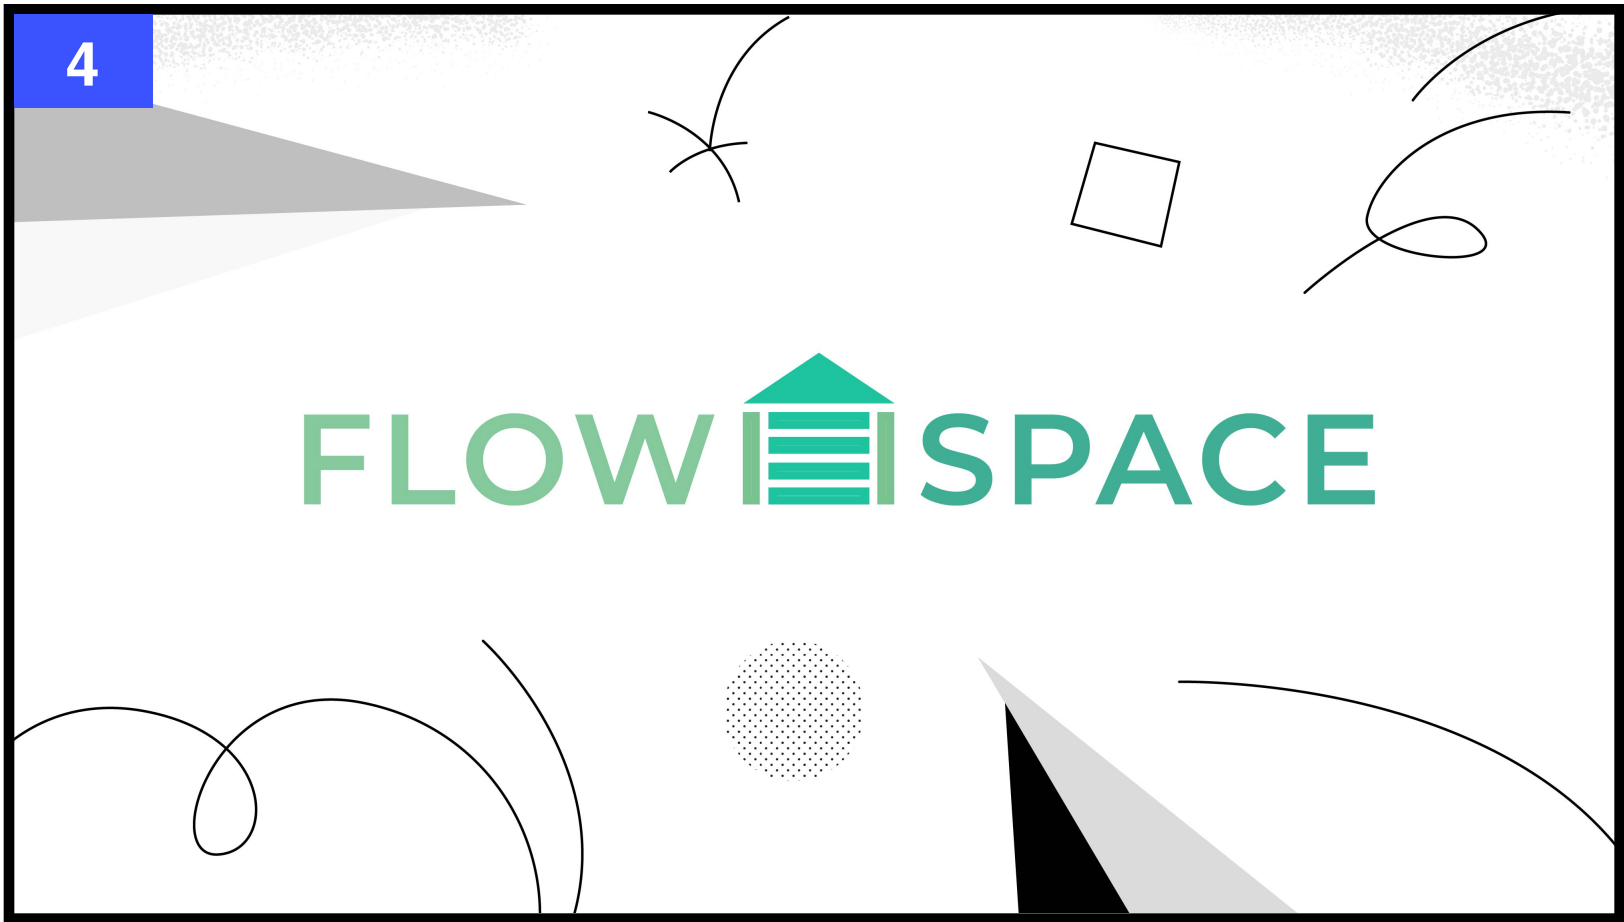

Then showcase the business growing with more and more order/packages and with the growth of their business, showcase the inability to fulfill and store orders/packages in their store. Business owner is bombarded with orders, packages.

3

vo Finding a warehouse is hard, and unless you sign a multi-year lease, and have a team of developers to integrate with their systems, a warehouse will not want to work with you.

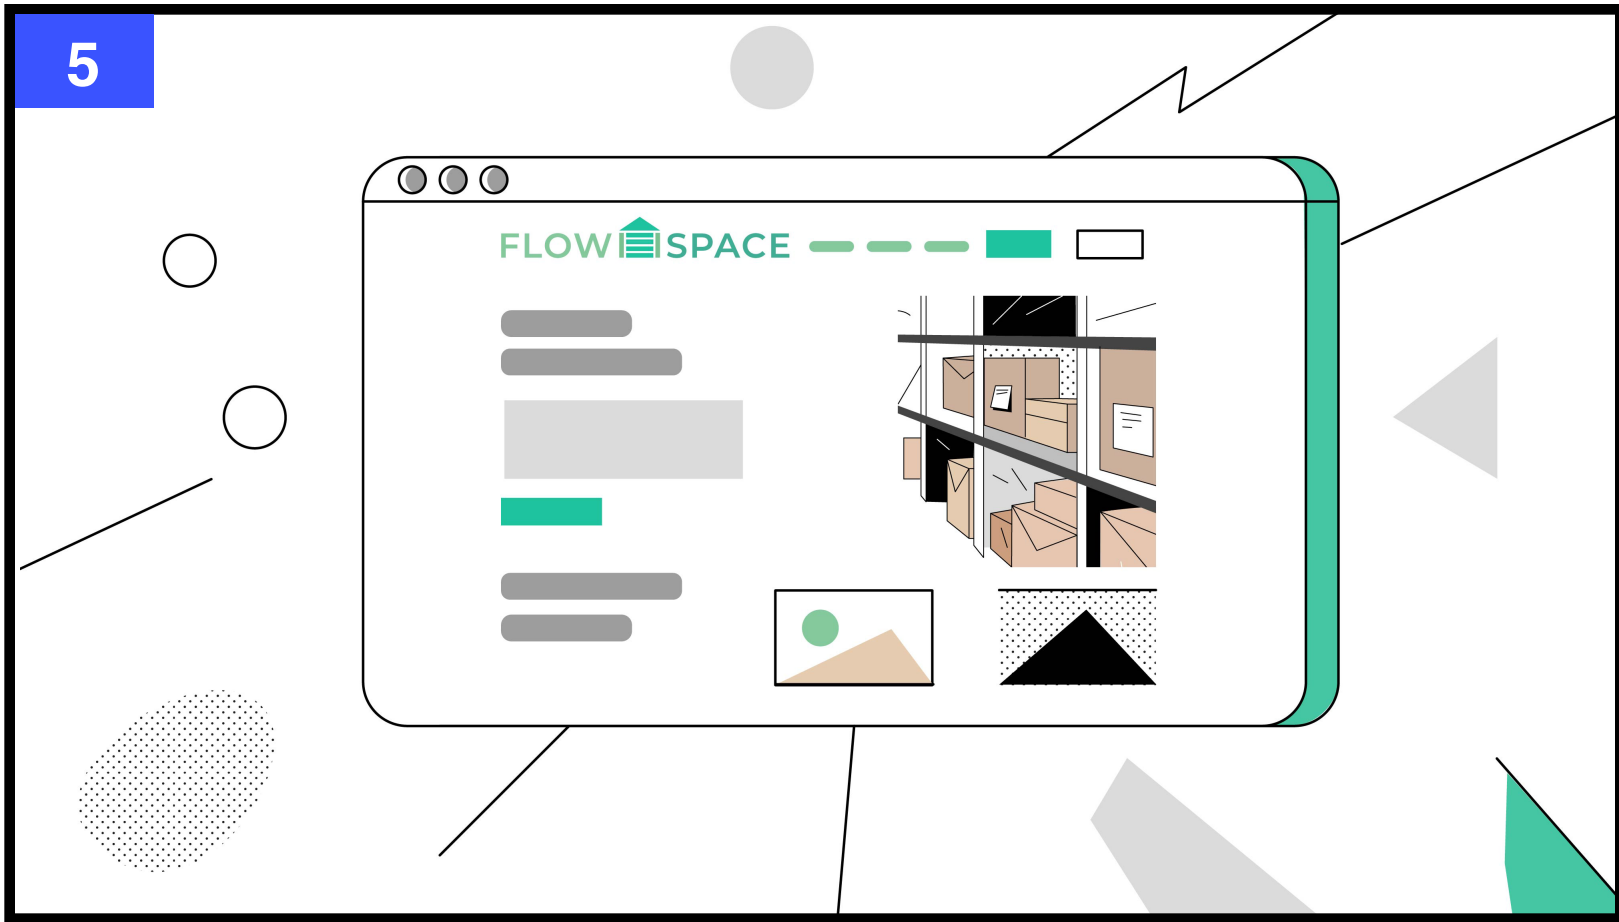

They can't find a warehouse, and when they do they want a 5 year lease and lengthy software integration.

vo

Whether you are just getting started or you are an established company,

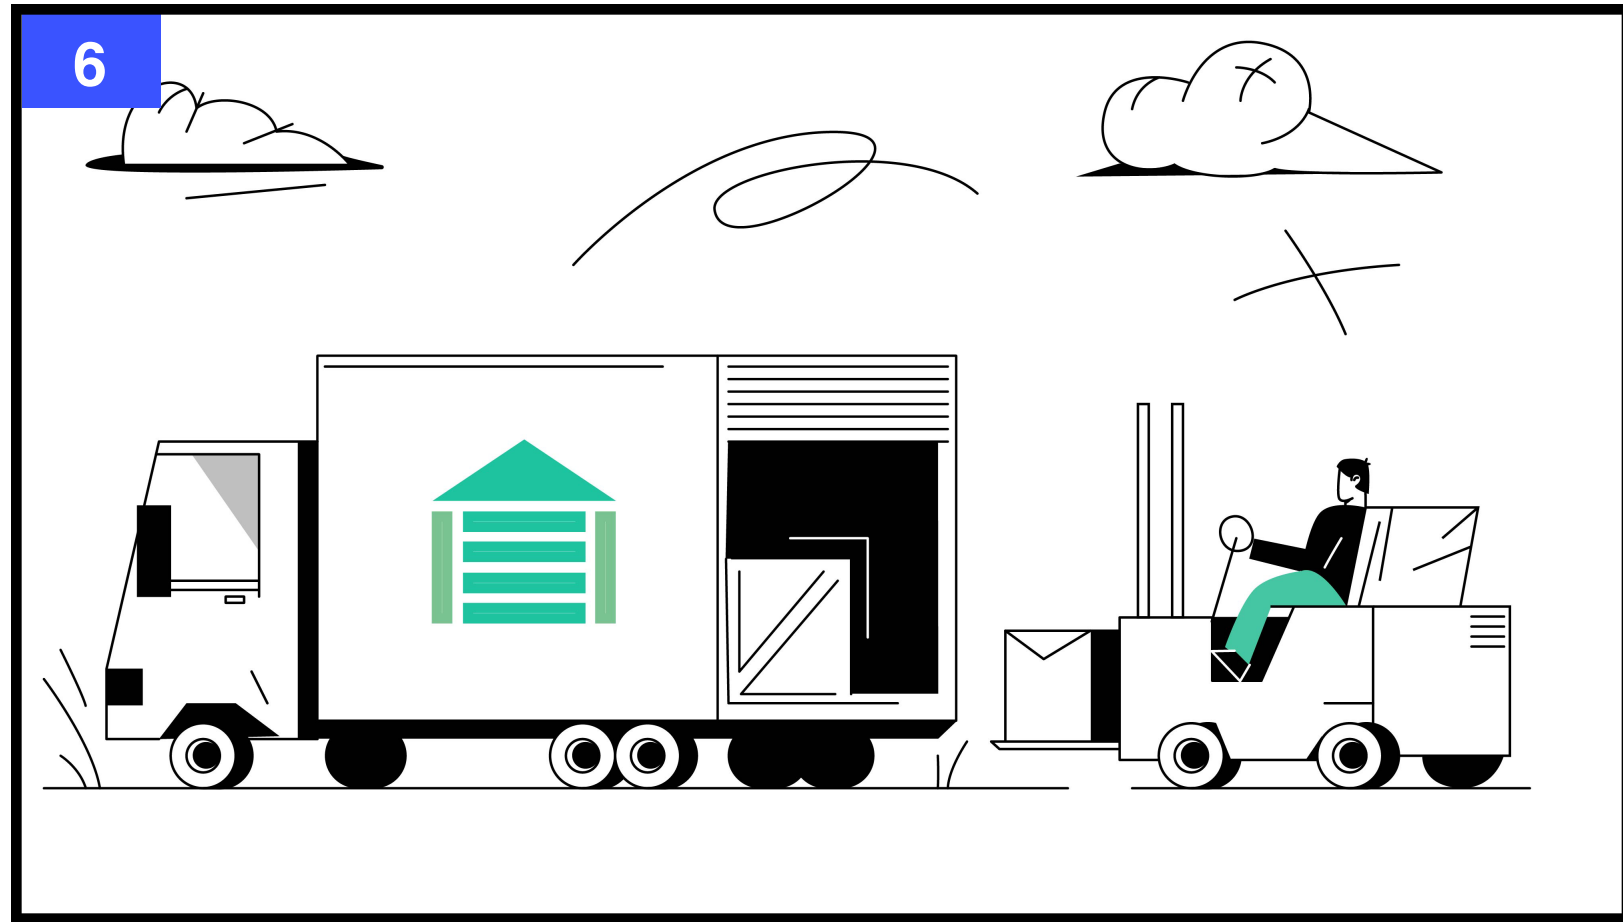

They find Company, month-to-month without minimums, and it solves the "warehouse search" part

vo

we've got the space for you.

Customer goes to website, creates account

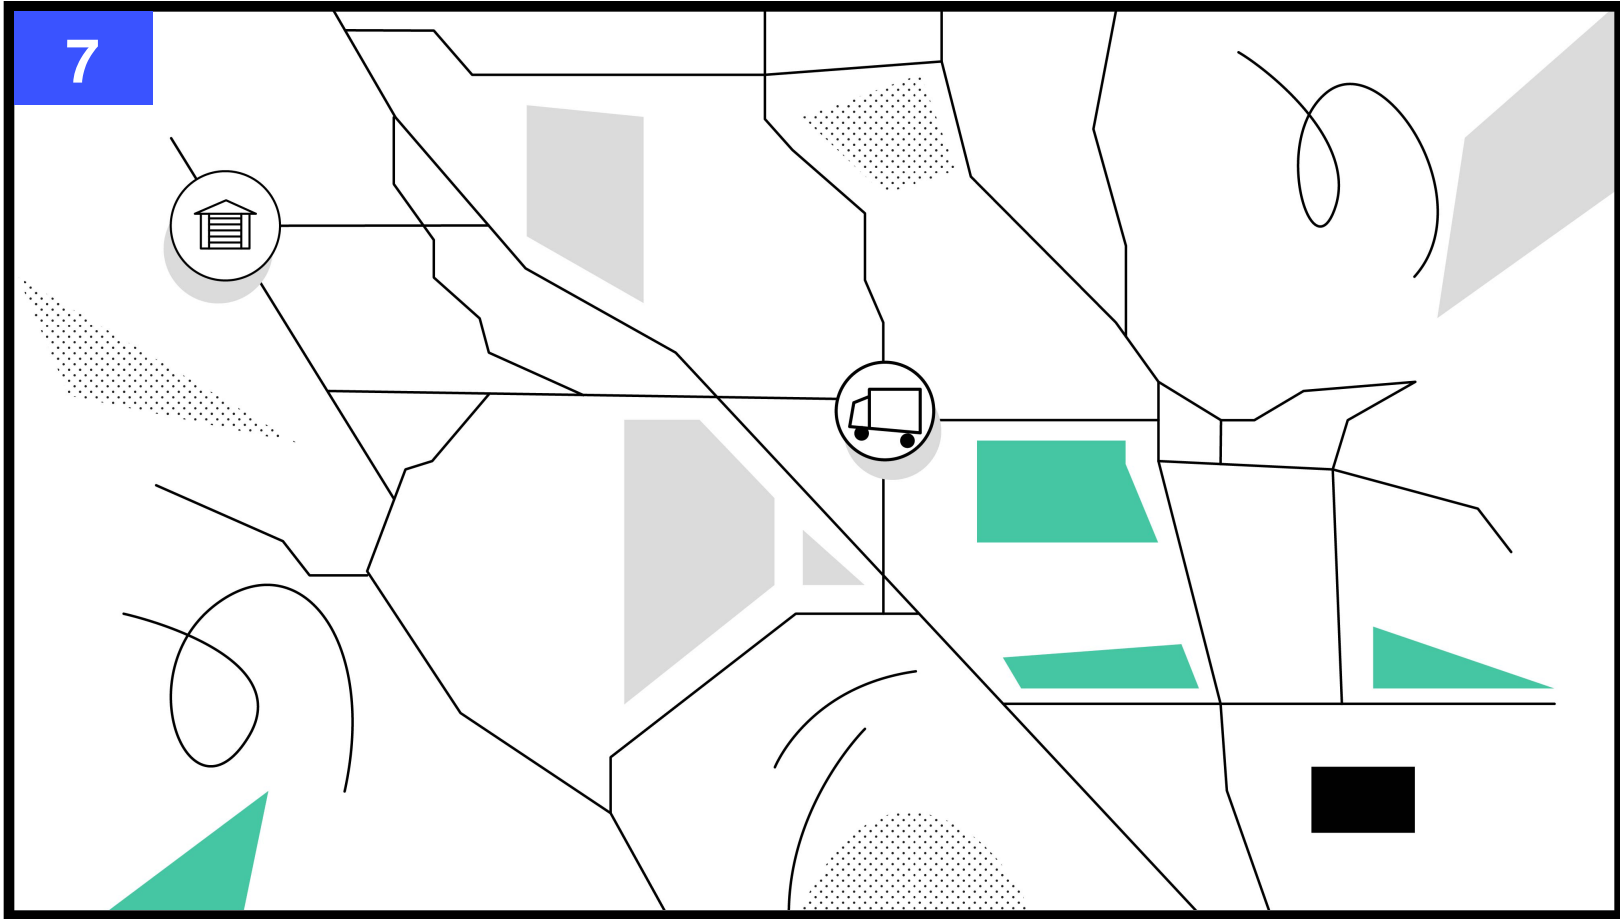

vo

Company has hundreds of warehouses across the country,

Truck picks up items,

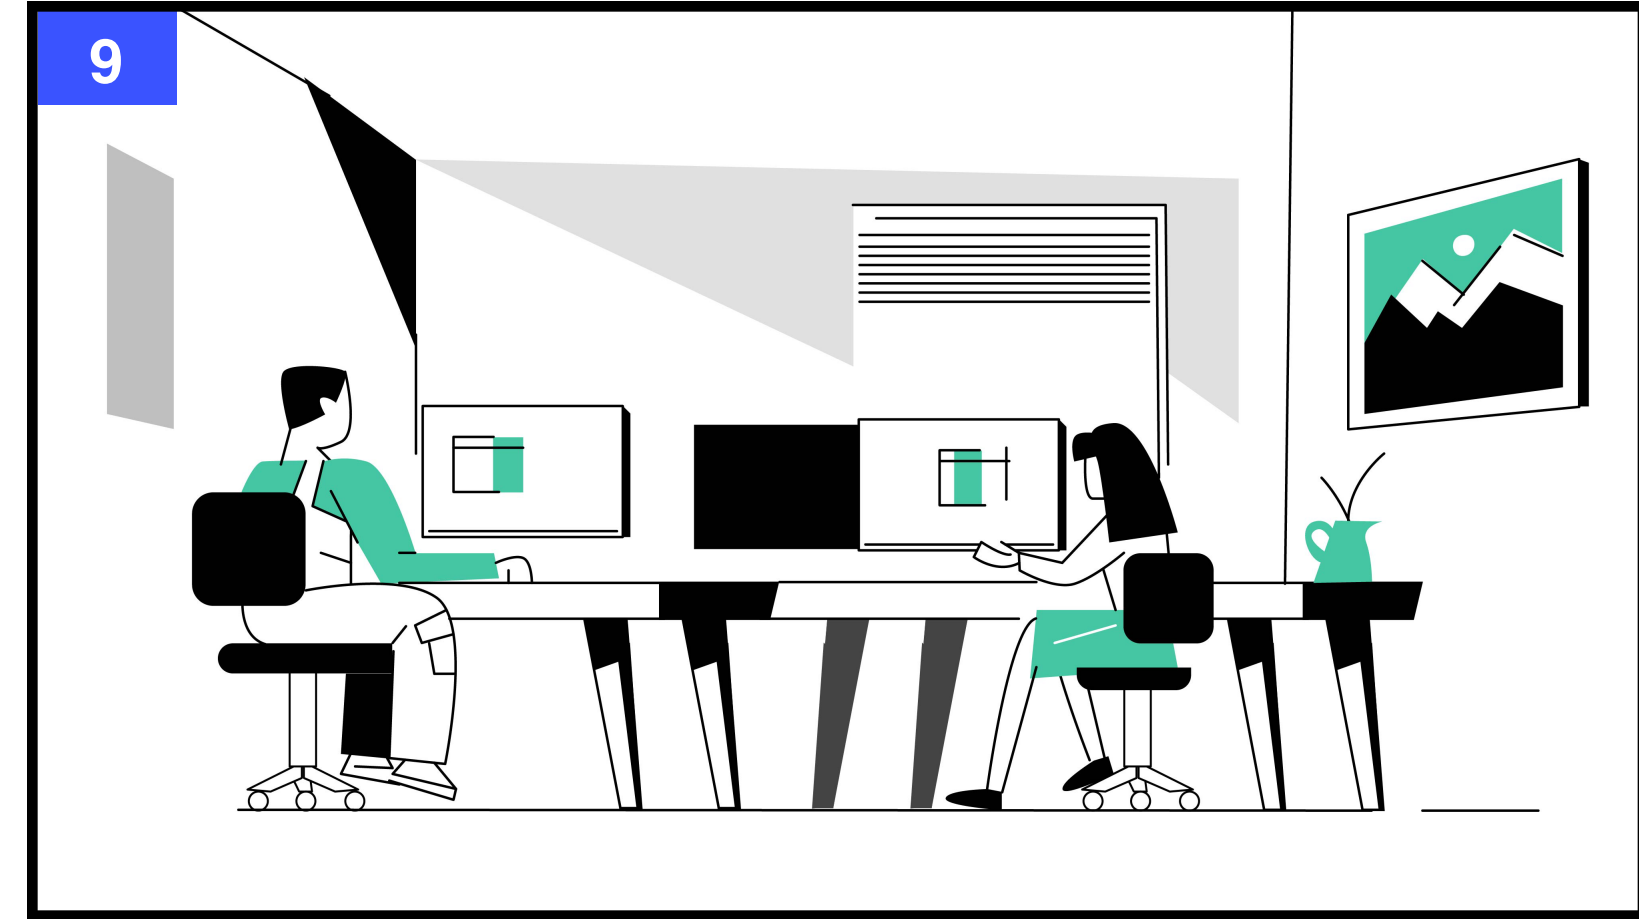

vo in every major metropolitan area.

vo We handle the storage and transportation of your inventory

vo and connect directly to your online store to fulfill your e-commerce orders.

drives to warehouse.

Show warehouse storing their products that are on pallets. Also show warehouse staffers handling fulfillment orders.

we show e-com fulfillment orders out, maybe even with their Shopify store connecting to Company.
